### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The Examiner's reasons for allowance of this application appears in the non-final Office Action of April 22, 2004. As viewed as a whole the Examiner believes none of the prior art references disclose or suggest the combination of structural limitations nor the specific arrangement of these structural limitations as set forth in applicant's independent claims, whether taken alone or used in combination thereof. Thus, the Examiner believes applicant's invention is patentably distinct from the prior art of record and the general prior art relating to lock devices of container, freight or trailer doors.

### **CONCLUSION**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andre' L. Jackson whose telephone number is (703) 605-4276. The examiner can normally be reached on Mon. - Fri. (10 am - 6 pm).
